

Walkers: Use this form to collect pledges from co-workers, friends and families.

Support a Great Cause

There is no place like Rady Children's Hospital San Diego. We are the safety net hospital for our children. As a non-profit hospital, community support is vital. It allows us to provide a total healing environment for our patients.

We care for more than 143,000 sick and injured children including tiny babies in our Neonatal Intensive Care Unit, children and teens suffering with cancer, kids

receiving lifesaving services in our emergency department, and many other serious illnesses and injuries. These children will not get to play with their friends this fall; they will be spending their days and nights in the hospital. Our team of caring doctors and nurses are dedicated to helping ease their pain and suffering so that they will be able to return home to their family and friends.

Rady Children's is a special place where stars twinkle at night indoors; where mimes, musicians and storytellers comfort our patients; and where sick children smile when you think they couldn't. Here, children always come first.

Rady Children's Hospital San Diego
